

CLAIMS

What is claimed is:

- 5 1. A method of merging two or more sub-folders into one
sub-folder in a bookmark folder comprising the steps
of:
- 10 using a keyword or a phrase to search Web pages
bookmarked in the two or more sub-folders;
- creating a sub-folder into which all Web pages searched
that contain the keyword or phrase are to be stored;
and
- 15 storing bookmarks to all the Web pages that contain the
keyword or phrase into the created sub-folder.
- 20 2. The method of Claim 1 wherein the keyword or phrase
used is used to name the created sub-folder.
3. The method of Claim 2 wherein only bookmarks to Web
pages searched that do not contain the keyword or
phrase used are stored in the created sub-folder.
- 25 4. The method of Claim 1 wherein Web pages bookmarked in
the entire bookmark folder are searched using the
keyword or phrase.
- 30 5. The method of Claim 4 wherein the keyword or phrase
used is used to name the created sub-folder.

6. The method of Claim 5 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.

5 7. A computer program product on a computer readable medium for merging two or more sub-folders into one sub-folder in a bookmark folder comprising:

code means for using a keyword or a phrase to search
10 Web pages bookmarked in the two or more sub-folders;

code means for creating a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored; and
15

code means for storing bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.

20 8. The computer program product of Claim 7 wherein the keyword or phrase used is used to name the created sub-folder.

9. The computer program product of Claim 8 wherein only
25 bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.

10. The computer program product of Claim 7 wherein Web
30 pages bookmarked in the entire bookmark folder are searched using the keyword or phrase.

11. The computer program product of Claim 10 wherein the keyword or phrase used is used to name the created sub-folder.
- 5 12. The computer program product of Claim 11 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
- 10 13. An apparatus for merging two or more sub-folders into one sub-folder in a bookmark folder comprising:
- means for using a keyword or a phrase to search Web pages bookmarked in the two or more sub-folders;
- 15 means for creating a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored; and
- 20 means for storing bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.
14. The apparatus of Claim 13 wherein the keyword or phrase
- 25 used is used to name the created sub-folder.
15. The apparatus of Claim 14 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.

30

16. The apparatus of Claim 13 wherein Web pages bookmarked in the entire bookmark folder are searched using the keyword or phrase.
- 5 17. The apparatus of Claim 16 wherein the keyword or phrase used is used to name the created sub-folder.
18. The apparatus of Claim 17 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
- 10
19. A computer system for merging two or more sub-folders into one sub-folder in a bookmark folder comprising:
- 15 at least one memory device for storing code data; and
- at least one processor for processing the code data to use a keyword or a phrase to search Web pages bookmarked in the two or more sub-folders, to create a sub-folder into which all Web pages searched that contain the keyword or phrase are to be stored, and to store bookmarks to all the Web pages that contain the keyword or phrase into the created sub-folder.
- 20
20. The computer system of Claim 19 wherein the keyword or phrase used is used to name the created sub-folder.
- 25
21. The computer system of Claim 20 wherein only bookmarks to Web pages searched that do not contain the keyword or phrase used are stored in the created sub-folder.
- 30
